## **Practicing Inclusive Community through Play**

**Presenter: Cait Goss**

Director of Our Children's Place Cooperative  
Preschool and President of California Council of  
Parent Participation Nursery Schools.

Rejection is a part of life, and is a lesson we often learn from a young age. But what do we do when these moments arise? How do we help our littles navigate their personal boundaries and preferences within a learning community? In this workshop we will explore how to model and inspire strong learning communities through inclusionary language, community agreements, and conflict resolution skills.

This workshop is Oregon OCCD approved and results in a certificate documenting hours and core knowledge categories.
