**About Village:** Our intent at Village Preschool is to help each child become their most authentic self. Rules are enforced without rewarding, punishing or praising, and we believe active family involvement, a strong parent education program, and continual school-home communication to be essential to growth. Since 1955, Village Preschool has a rich history as a cooperative play school. Our school was created by parents in Southwest Portland who came together to form a community where their children could grow and play together and parents could maintain meaningful involvement in their children's early learning. We look forward to welcoming an Assistant Teacher who will work collaboratively to continue this mission.
